

Thank You!!!  
From Youth Rally  
2015

Dear Sponsor,

Thanks to you, I was able to attend Youth Rally and I couldn't be more grateful. The experience of Youth Rally cannot be paralleled by any other camp or conference. I was given the opportunity to connect with others with similar conditions and ways to manage them that only slightly differ from mine. Connecting with other campers and counselors benefits us immensely. On the topic of connecting, I met a girl this week who lives within 20 miles of myself who has many of the same ailments. To be able to have a support system with someone in it who knows what you're going through can mean the world, and then some. Thank you for making this possible for me.

Sincerely,

Abby, Age 14
